The STOP Violence Against Women Act (VAWA) funding is federally administered by the Office of Justice Programs, Violence Against Women Office within the U.S. Department of Justice. The subgrant program emphasizes coordinated community approaches to reduce violence against women and to create mutually respectful partnerships between the justice system and victim services.

OCJS AND VAWA

The Ohio Office of Criminal Justice Services (OCJS) is a division of the Ohio Department of Public Safety. By statute, OCJS is the lead justice planning and assistance office for the state, administering millions of dollars in state and federal criminal justice funding every year. OCJS also evaluates programs and develops technology, training, and products for criminal justice professionals and communities. OCJS has been designated by Governor John R. Kasich to administer the FY 2015 STOP Violence Against Women Act (VAWA) Grant Program.

Regional Planning Units (RPUs) provide criminal justice funding plans and technical assistance for the counties they serve. Local applicants in Cuyahoga, Franklin, and Lucas counties must apply for VAWA funding through their county RPU. Applicants in all other counties, as well as projects with statewide impact, apply directly to OCJS.

WHAT TO EXPECT

Application. For technical assistance on any part of the VAWA application, call OCJS at: 614.466.7782 and ask to speak to your Grants Coordinator.

Regional Contacts: <http://www.ocjs.ohio.gov/grants.stm>

If applying for a local project in Cuyahoga, Franklin, or Lucas counties, contact your RPU listed on page eight.

Review. VAWA proposals will be competitively reviewed by OCJS staff and external criminal justice professionals. Internal compliance reviews are conducted and consist of reviewing the timeliness of financial and programmatic reporting. Project budgets will be reviewed to assure that costs are allowable and directly relate to the program. Final funding recommendations are made by the OCJS Executive Director and approved by the Department of Public Safety Director.

***Peer Grant Reviewer.** OCJS encourages applicants to identify the name of a qualified professional who may have an interest in participating as a peer grant reviewer. Participating as a peer grant reviewer is an important role, and provides an excellent opportunity for participants to strengthen grant writing skills, gain knowledge, and share programmatic best practices occurring throughout the field. Confirmation of reviewers will be based upon the number of applications that are received, availability, and other aspects related to coordinating review teams.

To register as a grant reviewer please visit www.surveymonkey.com/s/OCJSpeerreview by **May 15, 2015**.

Award. Projects will be notified and required to complete all forms and pre award conditions electronically through the grants management system. Prior to funding, grantees will receive orientation information regarding funding conditions and grant management strategies. **All awards will be for 12 months of funding, operating from January 1, 2016 through December 31, 2016.**

The following activities have been found to jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions and cannot be supported with STOP Violence Against Women Act Formula Grant Program funding:

- *Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, or the age and/or gender of their children;*
- *Procedures or policies that compromise the confidentiality of information and privacy of persons receiving OVW-funded services;*
- *Offering perpetrators the option of entering pre-trial diversion programs;*
- *Requiring mediation or counseling for couples as a systemic response to domestic violence or sexual assault, or in situations in which child sexual abuse is alleged;*
- *Requiring victims to report sexual assault, stalking, or domestic violence crimes to law enforcement or forcing victims to participate in criminal proceedings;*
- *Relying on court-mandated batterer intervention programs that do not use the coercive power of the criminal justice system to hold batterers accountable for their behavior;*
- *Supporting policies that deny individuals access to services based on their relationship to the perpetrator;*
- *Supporting policies or engaging in practices that impose restrictive conditions to be met by the victim in order to receive services (e.g., attending counseling, seeking an order of protection);*

- *Sharing confidential victim information with outside organizations and/or individuals without the documented consent of the victim;*
- *Placing of batterers in anger management programs; or,*
- *Procedures that would penalize or impose sanctions on victims of domestic violence or sexual assault for failure to testify against the abuser and/or the perpetrator.*

VAWA subrecipients pre-award conditions will include requiring a signed statement from the implementing agency acknowledging that activities will not be carried out that compromise victim safety and recovery.

In addition, applicants should be cognizant of victim confidentiality. In accordance with 42 U.S.C. § 13925(b)(2), applicants receiving OVW funding, and their subgrantees, must protect the confidentiality and privacy of persons receiving OVW-funded services to support victims' safety. OVW grantees and their subgrantees are prohibited from disclosing personally identifying information collected in connection with services requested, utilized, or denied through the grantee and their subgrantee's programs, to any third party or third party database without informed, written, reasonably time-limited, consent of the person, unless compelled by statutory or court mandate. In this case, grantees and subgrantees must make reasonable attempts to provide notice to victims affected by the disclosure of information. They must also take necessary steps to protect the privacy and safety of the persons affected by the release of the information. Regarding unemancipated minors or persons with disabilities lacking capacity to consent, a parent or guardian may consent to the disclosure; however, if the parent or guardian is the abuser of the minor, the person with disabilities, or the minor's other parent, he or she is prohibited from giving consent to the disclosure.

ELIGIBLE APPLICANTS

All VAWA applicants must have an organization, or subgrantee, that will serve as the fiduciary agent and assume overall responsibility for the grant. Eligible VAWA subrecipients include:

2014 OHIO STOP VAWA IMPLEMENTATION PLAN

The goal of the 2014 Implementation Plan, which is applicable to federal fiscal years 2014 through 2016, is to identify and fund programs that increase the awareness of domestic violence, sexual assault, stalking, and dating violence, and to facilitate and enhance collaborative efforts amongst courts, law enforcement, prosecution, and victim service agencies to foster a stronger coordinated response toward the elimination of violence against women. **Applicants are required** to demonstrate how the proposed project aligns with the state's implementation plan priorities. The full plan can be accessed at <http://www.ocjs.ohio.gov/VAWA.stm>.

FISCAL CONSIDERATIONS

The unallowable costs list can be accessed at [http://www.ocjs.ohio.gov/Unallowable_Costs-JAG and VAWA Updated 4 25 14.pdf](http://www.ocjs.ohio.gov/Unallowable_Costs-JAG_and_VAWA_Updated_4_25_14.pdf).

LENGTH OF FUNDING

Projects may apply for 12 months of funding, operating from January 1, 2016 to December 31, 2016.

FEDERAL ALLOCATION

Federal requirements mandate the VAWA funding distribution within Ohio's justice system. OCJS determines funding categories for projects based on the agency implementing the project and the services most directly supported by the project. All of the allocation categories mentioned below are disbursed based on the type of organization that benefits from the VAWA program and the type of services supported by the program; however, court funds must be awarded to a state or local court. Discretionary funding may be used for any of the categories at the discretion of OCJS.

- Law Enforcement 25%
- Prosecution 25%
- Victim Services 30% **(*10% must go to culturally specific community-based organizations)**
- Court 5%**
- Discretionary 15%

CULTURALLY SPECIFIC SET-ASIDE

*Pursuant to the Violence Against Women and Department of Justice Reauthorization Act of 2005 (H.R. 3402), STOP funding decisions must take into consideration that 10% of the 30% that is allocated to victim services must be distributed to community-based organizations that provide culturally specific services.

CULTURALLY SPECIFIC SERVICES —The term 'culturally specific services' means community-based services that include culturally relevant and linguistically specific services and resources to culturally specific communities."

The Violence Against Women Reauthorization Act of 2013 defines "culturally specific" as "primarily directed toward racial and ethnic minority groups (as defined in section 1707(g) of the Public Health Service Act (42 U.S.C. 300u-6(g))." 42 U.S.C. 13925(a)(6). Section 300u-6(g)(1) defines the term "racial and ethnic minority group" to mean "American Indians (including Alaska Natives, Eskimos, and Aleuts); Asian Americans; Native Hawaiians and other Pacific Islanders; Blacks; and Hispanics."

- ***Non-profit agencies whose primary purpose is to provide culturally specific services for racial and ethnic communities as defined above are encouraged to apply.***

SEXUAL ASSAULT SET-ASIDE

Twenty percent of funds granted to the state shall be allocated for programs or projects in two or more federal allocation categories (victim services, courts, law enforcement, and prosecution) that meaningfully address sexual assault, including stranger rape, acquaintance rape, alcohol or drug-facilitated rape, and rape within the context of an intimate partner relationship.

COURT ALLOCATION CATEGORY

**Funds awarded from the court allocation are required to be awarded “to” courts rather than “for” courts.

FUNDING CAP

Agencies may apply for a **maximum of \$60,000** in federal VAWA funds. Requests that exceed the funding cap will not be reviewed or considered.

MATCH

All VAWA awards are required to provide a cash or in-kind match of at least 25 percent of the total project cost. The match requirement is with the exception of projects funded out of the victim service allocation, if the benefit/purpose of the project is to be received by a nonprofit victim service provider. **OCJS determines the allocation categories and will notify projects regarding their matching requirements.**

Cash Match

- State or local budget items or appropriations identified as binding commitments of project match
- Funds contributed from private sources, like corporate or private donations
- Funds from the Housing and Community Development Act of 1974, 42 U.S.C. 5305, et. seq.
- Funds from the Appalachian Regional Development Act
- Project income

In-Kind Match

- Donations of expendable equipment, supplies, workshop or classroom materials, work space
- Monetary value of time contributed by professional, technical, skilled, or unskilled personnel if services are an integral and necessary part of the project

Timing

Match does not need to be applied at the exact time or in proportion to the obligation of federal funds: it must only be obligated by the end of the project period.

Food and Beverage/Costs for Refreshments and Meals. Generally food and beverage costs are **not** allowable, and under no circumstances may OVW funding be used to supply food and/or beverages during refreshment breaks. OVW funds may be used to provide food and/or beverages for a meal at a meeting, conference, training, or other event, if one of the following applies:

- The location of the event is not in close proximity to food establishments. It should be a priority to try to secure a location near reasonably priced and accessible commercial food establishments.
- Not serving food will significantly lengthen the day or necessitate extending the meeting to achieve meeting outcomes.
- A special presentation at a conference requires a plenary address where there is no other time for food to be obtained.
- Other extenuating circumstances necessitate the provision of food.

Justification for an exception listed above must be kept on file in the grantee’s records, and funds may only be used to purchase food and/or beverages for a meal at a meeting, conference, training, or other event.

Conference Planning and Expenditure Limitations. Applicants should be aware of all applicable laws, regulations, policies and guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of Federal funds for expenses related to conferences (which is defined to include meetings, retreats, seminars, symposiums, training and other similar events), including the provision of food and/or beverages at such events, and costs of attendance at such events. Information on pertinent laws, regulations, policies and guidance is available at <http://www.ovw.usdoj.gov/grantees.html>.

Applicants should also be aware of the following specific restrictions on conference planning and expenditure limitations:

- Cost of Logistical Conference Planning
- Cost of Programmatic Conference Planning
- Conference Space and Audio-Visual Equipment and Services
- Prohibition on Trinkets at Conferences
- Entertainment at Conferences
- Food and Beverages at Conferences

Updated Department of Justice and OVW guidance on conference planning, minimization of costs, and conference cost reporting is accessible on the OVW website <http://www.ovw.usdoj.gov/grantees.html>.

For additional information regarding food and beverage regulations, please refer to the OVW Financial Grants Management Guide at <http://www.ovw.usdoj.gov/docs/gfmd-financial-grants-management-guide.pdf>.

Accommodations and Language Access. Applicants are encouraged to allocate grant funds to support activities that help to ensure individuals with disabilities and deaf individuals and persons with limited English proficiency have meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter services, language interpretation and translation services, or the purchase of adaptive equipment.

Applicants proposing to use grant funds to create websites, videos and other materials must ensure that they are accessible to persons with disabilities. Grant funds must be allocated for these purposes.

STOP VIOLENCE AGAINST WOMEN ACT (VAWA) GRANT PROPOSAL NARRATIVE

Problem Statement and Underserved Population

Applicants should explain or clearly describe the problem or issue to be addressed, and its impact on the community. The application will be evaluated as to how effectively it:

- clearly describes the nature and scope of the problem, justifies the need for assistance, and relates the problem and the need for assistance to the scope of the Violence Against Women Act Grant Program. The development of the nature and scope of the problem should be data driven and the applicant will need to provide relevant state, and local level data/statistics as well as agency statistics to document the problem addressed.
- discusses the short and long-term consequences for the community if the problem identified is not addressed. More specifically, the applicant should discuss what will happen to the community if the proposed project is not funded.
- clearly describes the target population to be served in terms of population size and demographic characteristics, including any relevant local statistics that link the need for assistance to this particular target population. The applicant should clearly identify at least one underserved population (see below for description) as part of the target population to receive outreach and services. The rationale for selecting the target population should be reasonable given the objectives of the project and the approach described in the project description section of the application.
- identifies other resources in the community that are currently available to address the problem and explains why existing resources are not sufficient to address the problem. If no resources exist, the applicant should discuss the gaps in services and link how the proposed project will help alleviate those gaps.

Underserved Population

The term ‘underserved populations’ means populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by the Attorney General or by the Secretary of Health and Human Services, as appropriate.

All projects must identify at least one underserved population and describe previous strategies to outreach, collaboration, and partnerships.

- **What are the underserved populations your project will serve?**
 - Avoid identifying “all” victims of domestic violence, dating violence, sexual assault, and stalking as underserved.
- **Why are the populations currently underserved?**
 - What are the barriers to services for the populations?
 - Are the underserved populations attempting to access services? If not, then why not?
- **How will the project meet the needs of the underserved populations?**
 - What efforts will or are occurring to promote eliminating barriers to accessing services; and help increase the utilization of services for underserved populations?

Please describe whether the marginalized community falls into one of the following three tier populations:

- **Unserviced:** *populations that have no services available to them.*
- **Underserved:** *populations that have minimal access and are in need of more outreach and support.*
- **Inadequately served:** *Historically marginalized populations that may be overrepresented, but remain inadequately served with specific reference to the quality of service and a “one-size-fits-all” approach.*

Project Description

Applicants should describe a plan of action that the proposed project will implement in order to address the identified problem discussed in the problem statement. **The applicant must also define how the project fits within the state’s 2014 implementation plan priorities** (<http://www.ocjs.ohio.gov/VAWA.stm>). The application will be evaluated as to how effectively it:

- clearly describes the proposed activities and approach (i.e., model or practice) to be taken given the nature of the problem to be addressed. The approach should seem logical given the characteristics and needs of the identified target population (including the underserved population).
- discusses the evidence that shows that the model or practice is effective with the target population. Documents the evidence that the model or practice chosen is (are) appropriate for the outcomes the program wants to achieve.

Clearly justifies why the particular program model was selected for implementation. **Applicants should provide a detailed discussion on their plan to implement a model that is evidence-based or grounded in best practices of the field.** For more information on evidence-based practices, go to <http://www.ocjs.ohio.gov/ebp.stm>

- clearly demonstrates how they will achieve fidelity to the best practice model being implemented. The applicant must provide adequate discussion of the necessary resources that are required to implement the approach or response outlined. The resources should be reasonable given the scope and detail of the identified approach.

Project Objectives

Applicants should describe the outcomes or changes anticipated as a result of the proposed project. The achievement of the objectives should provide an outcome that reflects a measureable change for the target population due to the services offered by the program. *Please use the standardized objectives listed here [VAWA Standardized Objectives](#) and select two objectives that correspond with the application's program area. (Objectives should be defined to align with the state's 2014 implementation plan priorities <http://www.ocjs.ohio.gov/VAWA.stm>.)*

There are two types of objectives:

Outcome objectives describe the measured changes (impact that will occur as a result of implementing the proposed project).

Process (also known as "output") objectives describe the "process" (activities/steps) that a program will implement. Applications must provide two objectives and at least one objective should be an outcome objective. Each objective should include performance indicators, baseline numbers and data collection methods that further the goal of the selected Program Area.

The application will be evaluated on how effectively it:

- clearly identifies project objectives (measure change as a result of implementing the proposed project). If the objective demonstrates a percentage of increase then indicate how the calculation is derived (i.e. 20% out of 25 individuals).
- clearly identifies performance indicators (how you will measure that change, what instrument and/or tools are to be used, etc.)
- clearly identifies any baseline data that exists from the most recent prior year of the project.

Timeline and Activities

Applicants should describe how the programmatic and grant administrative activities as well as the related outcomes and objectives will be reasonably achieved in the given project period. Application will be evaluated as to how effectively it:

- presents a comprehensive, thorough timeline that is well-defined and comprehensively specifies what will be done, who (individuals and organizations) will do it, and when it will be accomplished. Include activities such as anticipated collaboration board meetings, OCJS grant reporting deadlines and any other activities specific to the project. The timeline should be reasonable given the nature of the problem, the target population, and the approach/response discussed in earlier sections of the application.
- if applicable, include any other deliverables that will be created and/or used throughout the project.

Organization and Staff Capacity

Applicants should provide a comprehensive discussion of the history and accomplishments of the organization responsible for implementing the project. Identify any key staff that will be involved in the project, including the project director and other individuals who will be responsible for administering the grant and implementing the program. Application will be evaluated as to how effectively it:

- clearly identifies the mission of the agency that will serve as the subgrantee and/or implementing agency. The application should clearly demonstrate the capacity of the subgrantee and implementing agency to administer grants of similar size and scope as the project submitted for funding. The applicant should demonstrate that they have adequate resources (i.e. personnel/staff, infrastructure to support additional program, computers, software, etc.) to implement the project as proposed.
- clearly identifies the key staff, including any volunteers that will be participating in the proposed project, including their qualifications, experience, and education.

- discuss how successful completion of the project is realistic given the key staff implementing the project. In cases where positions have not been filled, the applicant should clearly describe a reasonable approach and criteria to hire experienced and qualified staff.

Describe organizational, staff capacity, and developmental efforts surrounding issues of cultural competency:

- describes how issues of cultural competency, outreach, and services have been translated into planning for the particular project or program reflecting the racial make-up of the board, staff, volunteers, and victims served;
- explains the staff recruitment process and describes staff retention techniques;
- discusses how the organization addresses anti-oppression in their mission statement and requires staff to attend training on issues of anti-oppression and privilege;
- describes outreach and programming offered.

Pursuant to the Violence Against Women and Department of Justice Reauthorization Act of 2005 (H.R. 3402), STOP funding decisions must take into consideration that 10% of the 30% that is allocated to victim services must be distributed to community-based organizations that provide culturally specific services. The definition of culturally specific services describes the types of activities such groups would offer to overcome obstacles to access more traditional services. This also means that mainstream programs that have a goal of serving underserved populations must ensure that they offer full linguistic access and culturally specific services. An organization which possesses a good grounding in cultural competency will naturally develop the appropriate outreach and services to yield culturally and linguistically desired service related outcomes (refer to page 6).

Collaboration Board

Collaboration Boards are essential to the funding process as they help projects achieve their goals and objectives. The leadership and direction they provide help projects to achieve their goals and objectives through a shared community vision. Collaboration Boards should be comprised of agency representatives as well as various stakeholders from the community, including but not limited to representatives from children services, community organizations, hospitals, local police departments, and the court system, such as victim advocates, and prosecutors' offices. The Collaboration Board must conduct meetings at least quarterly and keep minutes of discussion items. Describe the collaborative effort between the applicant and other organizations. The application will be evaluated as to how effectively it:

- identifies the organizations that will participate in the Collaboration Board that will be responsible for overseeing the project. Describes their roles and demonstrates their commitment to the project. The applicant may use an existing community board or group to provide oversight to the project and act in the capacity of the Collaboration Board. **Commitment letters will be required from all representatives on the Collaboration Board.**
- describes the extent and nature of the collaborative effort and how the role and function of each organization will support the overall goal of the project. Partner agencies should be clearly linked with their role and function within the collaborative group.
- provides details describing the management of the collaborative group. The applicant should be able to document when quarterly meetings will be held, how members will be notified of upcoming meetings, and the process for distributing and maintaining records of minutes of meetings. If the applicant uses an existing community board or group to serve as the Collaboration Board, describe how the group will provide specific oversight for this project.
- describes how the collaborative group will work together to achieve project goals and objectives.

Applications must include signed commitment letters from all Collaboration Board members. Letters must be on the collaboration board member's letterhead and detail each agency's role and commitment as a partner within the proposed project. All applicants will be required to upload collaboration board letters. Failure to do so will result in your application being declared incomplete and you will be ineligible for funding. Collaboration Board Letters and Attachment A are uploaded as an attachment within the Collaboration Board section of the online application.

Budget

Describe any costs associated with implementing the program. The application will be evaluated as to how effectively it:

- presents a clear and detailed budget with a narrative that clearly explains and justifies the budget information.
- justifies the costs of the proposed program and the costs are considered reasonable in view of the types and range of activities to be conducted, the number of participants to be served, and the expected results and benefits.
- clearly states how the match funds will be used and the source of the match funds (**refer to page 6**).
