The Ohio State University Medical Center Center for Emergency Medical Services presents Shock Trauma at the 'Shoe

Ohio State's Center for Emergency Medical Services (CEMS) is dedicated to improving EMS education, research and patient care.

This conference will provide a unique opportunity for trauma education from local and regional experts. You will receive information about new lessons learned in the field, as well as other modern advances in trauma resuscitation. Conference speakers will also discuss treatment for patients with sports and wild animal injuries, in addition to pediatric and geriatric trauma and other specialized injuries.
