

NOTICE:

TO: ALL Licensed Medical Transportation Providers
FROM: Ohio Department of Public Safety, Division of EMS
DATE: July 1, 2015

Effective July 2015 there will be two (2) changes that will impact Licensed Medical Transportation Providers:

- 1. Re-inspection Fee:** In accordance with Ohio Administrative Code, Section 4766, services will be charged a re-inspection fee for any violation the inspector determines is a safety hazard or multiple violations of a single vehicle that cannot be corrected at time of inspection. The implementation of charging re-inspection fees is due to the large number of violations sited during inspections.
- 2. New process for obtaining license plates / New vehicle decal:** Services will no longer need the "red stamped "certificate and vehicle list to obtain their license plates at the BMV. The new vehicle decal will be attached to an 8 x 4 inch card. The decal is on one side of the card and information about the service and vehicle is on the other side of the card. The decal will be placed on the vehicle (see back of card for instructions) and the card will be used to obtain license plates.

Certificate of Licensure Required for Vehicle Registration

State Board of Emergency, Medical, Fire, and Transportation Services
