

# DISPLAY OF COUNTY NUMBER STICKERS

## COUNTY NUMBER STICKERS

1. Place the new county number sticker on a clean, dry surface in the lower left corner of both the front and rear plates. If the plate has a previous sticker(s) attached, place the new sticker over the old sticker(s).  
*Note: Commercial trucks and trailers do not receive county stickers.*
2. Rub edges down firmly.
3. For a motorcycle/moped/motor scooter, affix the county number sticker on the lower left side of the plate just right of the bolt hole.

Motorcycle/Moped/APV/Motor Scooter Plate

## VALIDATION STICKERS

1. Place the new validation sticker on a clean, dry surface in the lower right corner of the rear plate. If the plate has a previous sticker(s) attached, place the new sticker over the old sticker(s).
2. Rub edges down firmly.
3. For a motorcycle/moped/APV/motor scooter, affix the validation sticker on the lower right side of the plate just left of the bolt hole.

**NOTE:** Do not moisten sticker or apply at temperatures less than 0°F.

## DISPLAY OF COUNTY NAME STICKERS

### COUNTY NAME STICKERS

1. Place the new county stickers on a clean, dry surface between the lower bolt holes of the license plate. If the plate has previous sticker(s) attached, you may leave the old sticker(s) in place and affix the new sticker(s) between the bolt holes.  
*Note: Commercial trucks and trailers do not receive county stickers.*
2. Rub edges down firmly.

### VALIDATION STICKERS

1. Place the new validation sticker on a clean, dry surface in the lower right corner of the rear plate. If the plate has a previous sticker(s) attached, place the new sticker over the old sticker(s).
2. Rub edges down firmly.

**NOTE:** Do not moisten sticker or apply at temperatures less than 0°F.
