

BECOME A MOTORCYCLE *INSTRUCTOR*

Motorcycle Ohio is looking for instructors to help novices learn to ride safely, help returning riders improve their skills and safety strategies, and help experienced riders ride better and increase their safety margins.

Qualifications:

- Good communication and organization skills
- Good motorcycle riding skills
- A desire to help others learn safe riding skills
- Interest in working with a diverse population
- Patience

Requirements:

- Valid driver license with a motorcycle endorsement for at least three years
- Successful completion of the 60-hour Instructor Preparation Course
- High school diploma or equivalent
- Good driving record
- Mentally and physically able to teach the motorcycle safety curriculum
- First Aid and CPR certified
- It is recommended that you have taken a BRS.

As an Instructor

Instructors can earn a competitive salary working for Motorcycle Ohio training providers or private providers. Instructors may be hired as part-time or contract employees, and they may teach for more than one provider. Instructors are generally expected to teach about four classes per year, but some teach 15 or more.

Motorcycle Instructor Preparation Course

- Designed to teach motorcycle riders how to conduct novice rider classes
- Graduates receive Ohio instructor certification and national certification from the approved curriculum provider
- \$100 non-refundable tuition (includes course materials)

All travel-related expenses are the responsibility of the course participant. The course includes a written pre-course assignment, which may include attending or observing a basic motorcycle class. After completing the 60-hour instructor course, participants must:

- Pass a skill test
- Pass a knowledge test
- Pass student teaching
